The coal producers of the east complain that they cannot get cars, while the coal producers of New Mexico are said to be without a market, as the railroads of the southwest have been prompt to furnish all the cars needed, making extraordinary efforts to meet all demands.

Americans on the border are uneasy because of the troop movements on the other side of the line. If the Mexican commanders put in half as much effort in catching bandits as they do in trying to keep the Americans from catching them Mexico would be rid of revolutionists in three months. The Mexicans are now bringing airplanes to the line, with the excuse that they are for the purpose of spotting bandits, when it is known that about ev-

ery Mexican commander on that side of the line has been apparently interested in protecting the bandits from the vengeance of the American troops who follow across on a hot trail.

No griping or no nausea. For sale by Sands Dorsey.

UNABLE TO DO ANY WORK FOR SEVEN YEARS SAYS RAINEY

**NOTHING REACHED HIS CASE
UNTIL HE TOOK TANLAC—
HAS GAINED FOURTEEN
POUNDS**

"I have been laid up, unable to do any work for the past seven years," said Samuel L. Rainey of 1450 East Texas Street, El Paso, Texas, recently. "I suffered from a complication of troubles," he continued, "that seemed to puzzle those who examined me and no treatment or medicine did me any good. Some said I had rheumatism and others said something else and I took so much strong medicine that my stomach became all upset and my nerves completely shattered.

"My feet pained me so at times I couldn't stand on them and would swell until I couldn't get my shoes on. Great knots, the size of hen eggs would come out of my body. I had terrible pains in the back of my head running on down in the small of my back, and at times I couldn't move without help. My stomach was in such a bad condition I had to live on liquid diet for weeks at a time and even this would sour and cause my heart to flutter and almost cut off my breath. I was so nervous and miserable I never knew what it was to get a good night's sleep and no one knows the suffering I had to endure.

"My folks have spent lots of money for me and I have taken enough medicine of different kinds to stock a small drug store, but nothing seemed to reach my case until I got Tanlac. I have gained fourteen pounds, and while I don't claim to be well, yet, I'm so much better and am improving so fast that I have good reason to be-

EVERYONE MUST HELP.

Wars cannot be fought without money, and upon the Treasury centers every financial demand upon the Nation.

The rich of this country cannot alone meet the needs of the Nation; the men of the country cannot do it alone; the women of the country cannot do it alone; but all of us, the people of the United States, disregarding partisanship, forgetting selfish interests, thinking only of the supremacy of right and determining to vindicate the majesty of American ideals and secure the safety of America and civilization, can do the great and splendid work which God has called upon us to do.

W. G. McADOO,

Secretary of the Treasury.

Distinction At Moderate Price

THE new GRANT SIX has shown that a moderately priced car can still be smart-appearing in lines and finish.

Discriminating people are no longer satisfied with a car that merely runs well and rides easily. They want a car that is good-looking too.

There's nothing ordinary about this latest model—it has real distinction and "lines where beauty lingers."

The beauty of the new GRANT SIX has greatly extended its popularity.

Now that a car of GRANT SIX beauty, mechanical refinement and extraordinary economy is obtainable, people who in other years would have paid several hundred dollars more are buying the GRANT SIX.

But underneath appearance there must be substance. This the GRANT SIX has always had. It has always been notable for its splendid flexible, quiet, powerful overhead-valve engine, its full-floating rear axle, its cantilever rear springs and its unexcelled electrical system.

Your GRANT SIX will cost less to own and operate than any other six of comparable size.

Lenine has asked Germany for permission to postpone demobilization. Russia not only confesses to being whipped, but seems to relish it.

The report that Hindenburg has been hit by a bomb is the first sure proof we've seen that some of the German leaders get within a few miles of the actual fighting, even if the old gent, the Kaiser, and his sons do not.

It may be impolitic to press Irish conscription at this time, but just the same the man of any nationality who doesn't know that the Allies are fighting for the freedom of small as well as of large nations wouldn't know what to do with self-government if he had it. Look at the self government Russia got by selling out to the Kaiser. All Russia got was a sell.
